Presidential

Speaking at the first forum of the American Retail Federation, President Franklin D. Roosevelt said the Administration would not abandon any of its social and economic reforms. He reiterated that widespread efforts to aid the Nation's underprivileged classes would continue unabated.

Pendergast

Tax evasion, which has tripped up more than one prospering leader, recently landed Boss Tom Pendergast of Kansas City on his nose, figuratively speaking. Pendergast, accused and convicted of defrauding the government of taxes on $1,240,746 in the 11-year period from 1927-1937, received a prison sentence of 15 months, a fine of $10,000. In addition he will be placed on probation for a five-year period upon his release.

No Ifs

Germany and Italy yesterday signed a 10-year military alliance. Little likely to reassure other European powers, one of the purposes stated in the preamble to the 7-point program was "In the midst of a world of unrest and disintegration, to serve the task of rendering safe the foundations of European culture."

Novel Citizenship Class Has 'Commencement'

"Citizenship day," climaxing two months of instruction by Dr. R. J. Colbert of the University of Wisconsin, left, ended a novel project Sunday at Manitowoc county, Wisconsin, where new voters this year are being trained in American government as a means of combatting indifference and neglect. Photo at right shows E. J. Donnelly, city manager of Two Rivers, Wisconsin, one of several volunteer instructors, assisting in the work. "Graduating" students were given certificates.

Neither False Nor Fire Is Verdict

Fire! Fire! False alarm. No, not really a false alarm, but also not really a fire—lucky for Tony Milo, proprietor of Milo's market.

Tony was watering the garden at his home, 3343 San Jose avenue, Sunday evening when he smelled smoke. Sure enough, when he opened the door there was plenty of smoke.

Firemen rushed to the scene. It was discovered that the fireplace damper in Tony's club room had been blown closed, sending rolls of smoke and soot through the house. Tony smoked a little too when it came to the clean-up job.

Record Inaugurates New Policy

Memorial Day issue of the Daly City Record on Tuesday and the Daly City Shopping News on Thursday next week, will mark a new development and further advancement in local newspaper service.

To give more timely news coverage and greater reader interest The Record and Shopper next week will constitute semi-weekly newspaper publication. The Record will give complete local coverage and world surveys from Thursday through Monday, and the Shopper will give mid-week coverage of all local news happenings of Tuesday and Wednesday.

In other words, there will be two complete newspapers published each week, both of tabloid (five column by 16 inch) size. Tuesday's Record will be delivered by carrier to all regular subscribers, and Thursday's Shopper will go to all local homes. There will be no increase in subscription rates. As before the improvement, both papers will be delivered for only 25 cents per month.

Swim Program

Daly City Record will sponsor its second annual summer swimming program for local grammar school boys and girls starting as soon as school closes.

Under sponsorship of The Record every grammar school boy and girl may go swimming free once each week during the entire summer period. Swims will be held at the new Jefferson Union high school pool. This pool is the most beautiful and healthful in the Bay area. It's all tile and sparkling clean.

One 2-hour swim (including one-half hour of professional instruction by qualified American Red Cross teachers) each week of vacation will be awarded any boy or girl who obtains one one-year subscription to the Daly City Record. Subscriptions must be turned in before June 10.

Either a new subscription or a renewal for one year at $3 will give the student ten free swims. Any boy or girl who is interested may call at the office of the Daly City Record for subscription blanks.

All five week day afternoon periods from 1:30 p. m. to 2 p. m. will be given over to special instruction for Daly City Record classes. Boys and girls may then swim for the remainder of the afternoon at which time the pool will be open to the public.

Mayor Selmi Addresses Throng

Daly City's new city hall is dedicated, offices will be moved in within 30 days and civic affairs will move on here at their usual rapid pace.

More than a thousand local residents and guests attended the dedication ceremonies Sunday, sponsored by El Carmelo Parlor No. 256, Native Sons of the Golden West, and El Carmelo Parlor No. 181, Native Daughters of the Golden West.

Mayor Paul G. Selmi was honorary chairman of the day. He gave a brief address reviewing the history of Daly City, pointing out its rapid, substantial growth, and challenging its citizens to greater achievement.

The parade which started off the afternoon celebration marched from the county line up Mission street to Wellington avenue and past the reviewing stand in front of the city hall. First prize for best parade entry was awarded the local fire department.

Second and third prizes went to American Legion Auxiliary drill team and El Carmelo parlor Native Daughters' drum corps respectively. Cypress Circle, United Ancient Order of Druids, Boy Scout Troop No. 101, Cub Pack No. 101, and Boy Scout troop No. 141 were also prize winners.

Sponsors of the celebration laid a plaque following the dedicatory addresses. At completion of ceremonies at the city hall, Daly City councilmen entertained honored guests at Villa Mateo.

Two Veteran Groups Sponsor Sale of Poppies

As in the past. Old Glory Post and Auxiliary No. 2044, Veterans of Foreign Wars of the U. S. will sponsor the local sale of "Buddy Poppies" starting Friday, May 26, and continuing to Tuesday, May 30.

A sales force of girls and young women will canvass Daly City in what is expected to be a successful campaign to sell the quota of "Buddy Poppies" assigned to Post No. 2044 for 1939.

"These poppies offer a source of employment and relief for needy and disabled veterans in their home communities. For these two very real reasons we should all wear "Buddy Poppies" on Memorial Day," said H. A. McHugh, adjutant.

Proceeds from the Poppy sale are devoted to the local, state and national welfare programs conducted by the Veterans of Foreign Wars of the U. S. in behalf of disabled and needy veterans and their dependents. One penny from each "Buddy Poppy" sold is used for the maintenance of the V. F. W. National Home for the orphans of war veterans.

V. F. W. Poppy headquarters will be located in the business office of Mayor Paul G. Selmi, 39 Wellington avenue. Mrs. Ethel Dorn of the local auxiliary is the chairman of the "Poppy Drive."

Friday and Saturday, May 26 and 27, are Poppy Days in Daly City and throughout the United States. Millions of little red poppies will be worn in honor of the World War dead. Hundreds of thousands of dollars will be contributed for the welfare of the war's living victims, the disabled veterans, their families, and the widows and orphans of the dead.

Members of Daly City Unit of the American Legion Auxiliary will be on the streets early Friday morning with baskets of poppies made by disabled veterans at Yountville. They will ask everyone to put on a poppy as an individual act of tribute to those who gave their lives in America's defense, and to contribute something toward the Legion and Auxiliary work for the disabled veterans and dependent families.

More than 100,000 women throughout the U. S. will be in this year's Poppy Day army, distributing flowers in memory of America's more than 100,000 World War dead. They will ask no price for the poppies but will give them for any contribution the wearer feels able to make. Every penny of the money contributed will go into the relief and welfare funds of the Legion and Auxiliary, where it will work for needy veterans and veterans' families during the coming year.

City Council Hold Regular Meet

Daly City councilmen at the meeting last night sent a formal vote of thanks to El Carmelo Parlors, Native Sons and Native Daughters of the Golden West, for sponsoring dedication ceremonies for the new city hall and for presenting an American flag and California Bear flag to the city.

H. G. King, Daly City's representative on the San Mateo County Day at the Fair committee, announced plans for local participation in the event scheduled to be held June 11 on Treasure Island. Local patrons of the affair are invited to go by street car and ferry. It is planned to run express street cars directly from Daly City to the ferry in order that local residents may go en masse.

Bid for furniture for the new city hall was let to Rucker-Fuller company at $1614. The council instructed City Clerk Ross to notify landlords of temporarily rented city offices that such offices will be moved to the new city hall before July 1.

Suggest Recreation Commission for D. C.

Members of the Recreation committee met Wednesday afternoon at 101 Parkview avenue with Jerry P. Hull, local Recreation leader of the WPA.

James Ferguson, chairman, announced that he had received communications from S. B. Nylander, State director of the Recreation department, WPA, suggesting the establishment of a Recreation commission in Daly City instead of a committee. Consisting of at least five members, the commission would be established by a city ordinance and would possess more authority than the committee.

A letter requesting that the State Recreation office send a representative here within the next two weeks was dispatched, and if approved, a special meeting of the committee will be called upon his arrival.

Present at the meeting were James Ferguson, Richard Crane jr., Mrs. A. M. Eason, Mrs. Mazie Doyle, Jerry P. Hull, and A. J. Bodien, co-sponsor's agent.

Troop No. 101 Has Day at Fair

Under the direction of their leader, Frank Coughlin, the 28 boys participating demonstrated to World Fair visitors the making of model airplanes, work benches, pack boards and various other scouting activities.

With the troop were two of their cubs, Bobby Coughlin and Eugene Klingler, both in uniform. They were the first cubs to appear in the Scout exhibit on Treasure Island.

Both Troop and Cub Pack also won honors in the city hall dedication parade here Sunday. Each was awarded a loving cup for its participation.

Schedule Numerous Events for Week At Golden Gate International Exposition

One of the busiest weeks in Exposition history is scheduled for the seven-day period from Saturday, May 27, to Friday, June 2, inclusive, with a long program of special events arranged, new attractions opened. Mendocino Day will bring a large delegation from this section of the state, with a special program for the day.

Santa Clara Day, Ford Day and Sierra Plumas Day are on the program for Sunday, May 28. Ford Day will find a series of events going on at the Athletic Field, the departure of the 27-millionth Ford to the New York Fair, and other events on the schedule. Both Santa Clara Day and Sierra Plumas Day will have special programs which present and past residents of the district will get together in their respective county buildings.

The six firms representing the ten most popular makes of cars in the local field have come into their own in a big way in 1939, serving not only the Peninsula and Daly City, but also San Francisco, as deliveries for the past six months have shown.

Troop No. 141 Attend Camporee

Several members of Boy Scout Troop No. 141 accompanied their leader, Joseph Straughan, to the Oakland Camporee Saturday, where over 1600 boys, belonging to 200 different patrols, were encamped in Lake Merritt Park.

Troop No. 141, who have been designing patrol tents, were interested in the unusual designs and colors of some of the tents at the camporee. They were also interested in the reflector type ovens, as well as the biscuits baking within.

A number of patrol leaders were interviewed and promises secured for an exchange of troop papers. Troop No. 141 announced that the May issue of their own publication, the Deep Purple, is a little late because it is all being printed this month, with no mimeographing at all, and also because it is the third anniversary number. As a good turn, the troop will send a copy of the Deep Purple to all near-by troops.

Members of Troop No. 141 are busy collecting old newspapers, magazines and rags to sell for the camp fund. Anyone wishing to contribute any of these articles should call Joseph Straughan, ELkridge 2023, or Reverend N. M. Lewis, RAndolph 7080.

Broadway's most successful show of the current season is to be shown exclusively on the Pacific Coast at the Exposition.

Jester Hairston, assistant director, is now in New York studying the "hot-cha" version of Gilbert and Sullivan. His return this week will be the "full speed ahead" signal for rehearsal.

In keeping with this modern jamboree, each department is trying to outdo the other in making it a real "whoopee" show. Costumes will outdo those of "Run, Little Chillun," and the scenery will place the "Island of Titipu" in the south seas. Music, dancing and singing, from critic's reports, will be torrid rhythm.

The ticket sale will not start before June 2, however the box office is prepared to make reservations immediately on mail orders. Popular prices will prevail.

Statistics Show Syphilis Curable

That Syphilis is a curable disease is well illustrated by statistics released from the San Mateo County Health Department which show that while 38 new cases were admitted for treatment in 1938, 35 others were released as cured or arrested infections.

Of these 38 new cases reported at county hospital last year was one case of inherited Syphilis which is most tragic because it is preventable by treatment of the mother before the birth of the child.

"It is a mistake for expectant mothers to avoid going to their doctor or to the prenatal clinic until late in their pregnancy," Dr. Gans stated, "because they only deprive themselves of the benefits which scientific medicine can offer."

San Mateo county has adequate facilities for the control of venereal diseases in a set-up of clinics at five locations where blood tests can be obtained by any applicant and where diagnostic and treatment service for Syphilis and Gonorrhea are available. Treatment is provided for those unable to afford a private physician.

The clinics are located at: Daly City, 7375 Mission street, Monday, 10 a. m.; Burlingame, 248 Lorton avenue, Friday, 10 a. m.; Half Moon Bay, Kelly avenue, Thursday, 10 a. m.; Redwood City, 851 Main street, Wednesday, 10 a. m.

Many Strange Crafts Play Role In Making DeSoto

Many strange crafts, identified by names unrecognizable to the general public, have played important roles in the creation of the sleek new cars on display at automobile dealers' showrooms throughout the country.

Mossers, strippers, sanders, seamers, upsetters, tack-off men and even "gunmen" are among the different trade classifications in the occupational listings compiled at the De Soto plant in Detroit.

Highly-skilled wood carvers, clay modelers, artists, upholsterers and hundreds of other technicians are employed in direct car-designing capacities at the factory. Employment experts estimate that if producers of raw materials were taken into consideration, the list of different occupations contributing to a single car would run into thousands.

Strange Technique

Strange is the technique employed by many of these crafts. Mossing, for instance, as disclosed by the De Soto occupational chart, is a simple but vital operation for assuring satin-smooth wheel finish. It consists of a steel-wool rub to prepare the wheel surface for paint application.

Stripping pertains to the operation of partially dissembling finished cars for shipment to distant points. Wheels and other parts are frequently "stripped-off" cars to utilize all available packing space in trucks, freight cars and ship holds.

Sanders are the aptly-named workmen who use sandstone and water to smooth off the undercoats of paint on fenders before the final coat is applied. Sanding prevents any surface irregularities such as might be caused by minute paint bubbles from remaining to show through the final coat.

A seamer in automobile terminology is a machine operator who puts seams in metal in much the same manner that a tailor puts seams in clothing. Joints in the sheet metal parts are seamed on a machine which overlaps and rolls flat ends into a single tight seal.

Upsetter

Most unusual of the work classifications is that of an upsetter. They are skilled workmen who run "upsetting" machines for putting heads on bolts. Bolt heads can be formed on either hot or cold steel by placing the bolt shaft in a form and machine-punching the top into the desired shape.

All De Soto bodies, fenders and sheet metal parts are rustproofed before being painted. After the rustproofing operation, tack-off men go over the surface of the metal with a special varnished soaked cloth to remove all foreign particles before paint coats are applied.

Ironing out bumps underneath paint is the metal repairman's job. A metal expert who is as familiar with the surface of an automobile body as a doctor with vertebra structures, the metal repairman knows where the tension is in the metal, and by applying pressure on a bump he can bounce it back into conformity without the slightest scar on the point.

Electric Saw

Another interesting job, one of thousands preliminary to assembling a car, is the present-day maker of jig-saw puzzles—the man with the electric saw who cuts upholstery for the automobile's interior. Taking a stack of cloth a foot or more high, he follows a trail of dots almost as detailed and exact as the outlines of a blueprint, cutting the cloth so that each section of the upholstery fits perfectly.

Scores of "gunmen" are also necessary in the production of the new De Soto. They operate paint spray guns instead of six-shooters and are just as adept with their "shooting irons" as any Texas Ranger.

De Soto and Plymouth are sold in Daly City by James E. Donahue, 6259 Mission street.

Auxiliary Members Attend Card Party

Several members of Old Glory auxiliary motored to San Mateo Thursday to attend a card party at the Odd Fellows hall, sponsored by the Matlan auxiliary.

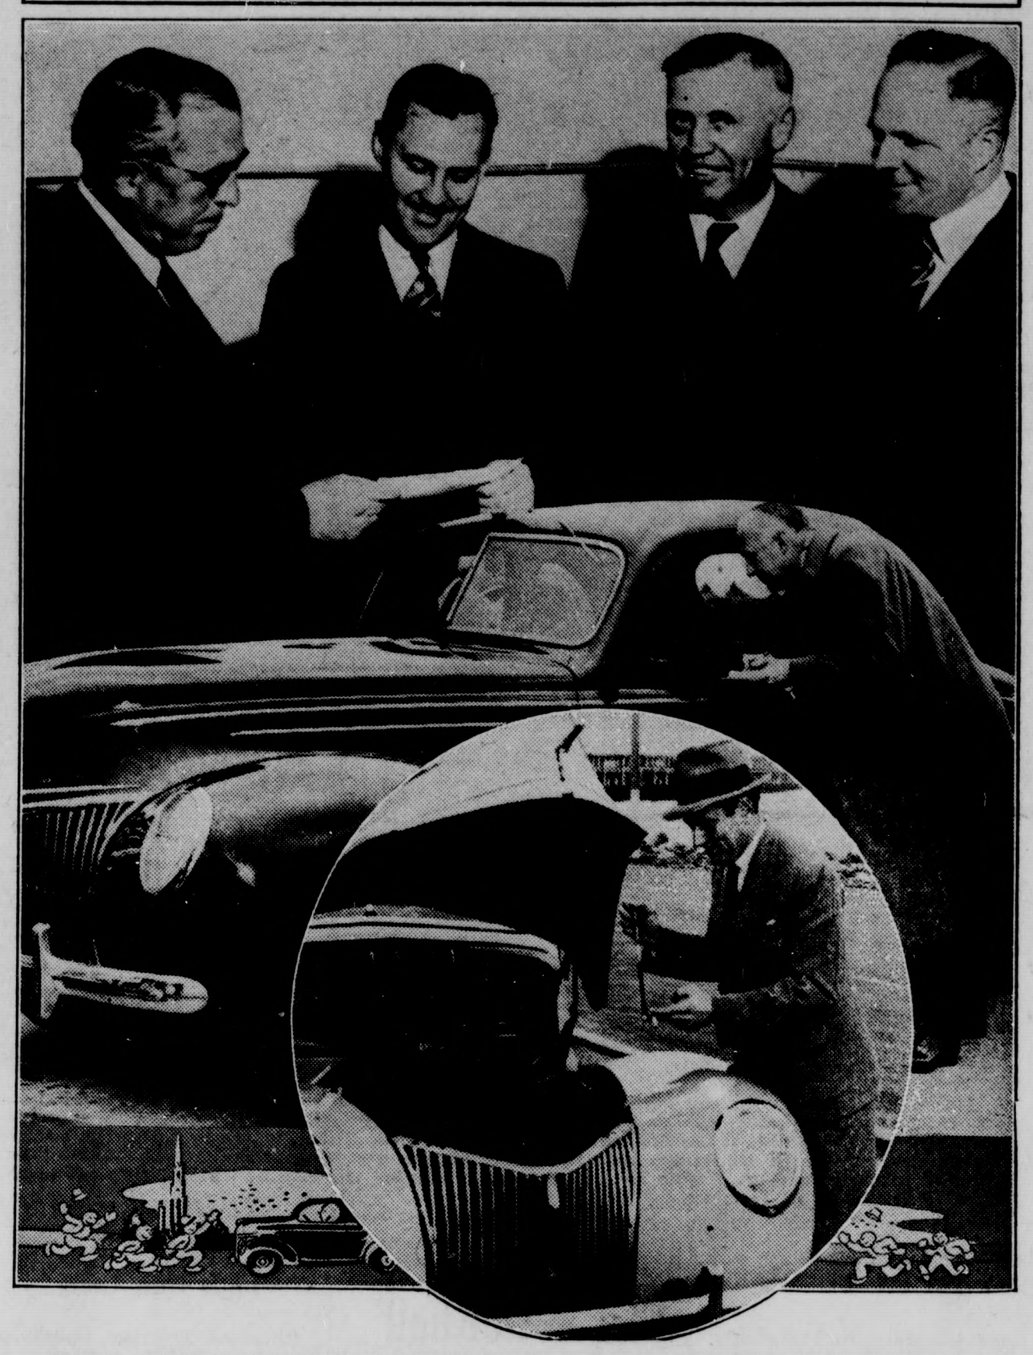
29.77 Miles Per Gallon Wins Run



Driving strictly-stock 1939 Ford V-8 "85" models, a group of Northern California auto dealers staged the Treasure Island Economy Run recently and the winning entry of Fred J. Lautze, South San Francisco, averaged 29.77 miles per gallon. Top row left to right—Otto V. Burberick, Burlingame, chairman of day, presents first prize check to Logan Franklin, official observer, while Fred J. Lautze and C. A. Bullwinkel, manager of the Richmond Branch plant of the Ford Motor Company, look on. Middle—Earl Dahlem, manager of W. L. Hughson Co. of San Francisco, checks the speedometer, after winning second place with an average of 26.14 miles per gallon. Lower insert—Albert E. Schlesinger, manager of S. and C. Motors, San Francisco, finds that no oil was used on his third-prize winning trip. The finish line was at the service station on Treasure Island, Golden Gate International Exposition. After the event, the Ford factory officials were hosts to the dealers at a luncheon in the lounge of the elaborate Ford Building, which houses the largest industrial exhibit at the fair.

Frogs' Eyes

They Say A Frog can see in front and on both sides at the same time.

If a pedestrian's eyes bulged out the way a frog's eyes do, it still would not be safe for him to jay-walk.

And, since a pedestrian can only look one way at a time, it is especially dangerous for him to try to cross in the middle of the block or against a red traffic light.

Two out of three people killed in traffic are pedestrians, according to the records of the National Safety council.

Stay safe . . . with safe walking habits.

Urge Motorists To Prevent Fires

Approach of the time each year when large numbers of motorists travel into forested areas on vacation tours and camping trips prompted a statement today by the California State Automobile association calling attention of motorists to the need for their help in the prevention of forest fires.

Unusually dry conditions prevail due to the lack of rainfall and the danger already has been evidenced by several fires, the statement pointed out.

United States Forest Service regulations, the statement continued, require that a campfire permit be secured before building any fire, including fires in stoves burning wood, kerosene, or gasoline, on National Forest lands. The requirement also applies to stoves in trailers. Permits for 1939 are now being issued at Automobile Association offices and other sources. There is no charge for a permit, but a signed agreement to abide by certain rules is required.

Advertising Mgr. Addresses Students

Wheaton Brewer, advertising manager, of the Pacific Rural Press, was the guest speaker at the Jefferson Union high school assembly Thursday afternoon. His topic was "Whose State, Agriculture's or Business'?"

"The farmer spent over $3,000,000 for advertising in this state last year. Agriculture is our most important industry. California raises 30 per cent of all perishable fruit and vegetables consumed in the United States. Sixty per cent of the retail trade comes from the rural districts," declared the speaker.

The speaker has the ability to inject humor into his address from time to time and thus held the undivided attention of his student audience. He was one of the speakers at the recent State Exchange club convention at Stockton and was secured by Clive Saiz who introduced him to the assembly.

How Man Combats Insect Hordes

Man's worst enemy, say the scientists, is the insect. Just what science has done to combat the pests that destroy valuable crops is shown in the Pest Control exhibit in the California Commission's Agricultural exhibit at the Golden Gate International Exposition, which is under the administration of Dr. George H. Hecke. In view of the recent grasshopper menace the exhibit has attracted much attention. Wayne Peters is shown arranging the exhibit which is located in the Hall of Agriculture on Treasure Island.

Six New Homes Headline Features Of May Building

(By Julius F. Castelan)

Six new homes and three residential repair jobs totaling more than $16,000, preparation of plans for construction of a concrete garage on Mission street near Templeton avenue, work starting on second Vista Grande park project and Brunswick and Acton park, final inspection of new city hall, and submission of south end street work project for WPA approval are headline features in Daly City's building and improvement activities during the month of May.

New home sites are being located in every section of the city. Progressive local builders report new home sales good and are pushing construction work at top speed.

Wallace A. Stephen, architect, is preparing plans for a concrete garage to be located on Mission street near Templeton avenue, immediately adjacent to the city pump house, according to City Engineer Julius Castelan.

Installation of traffic stop and go lights at Market and Mission streets is complete and the lights are functioning perfectly, Castelan announced.

Vista Grande Park

Twenty men start work tomorrow on the second Vista Grande park project. Next week another crew of 20 men will start work on the tennis court to be constructed in the Brunswick and Acton park.

Engineer Castelan submitted last week a $245,000 street improvement proposal to WPA headquarters. San Mateo county WPA Engineer Jansen okeyed the proposal and recommended that funds be appropriated for the improvements.

This job calls for street work, curbs, sidewalks, water connections, and incidentals on all unimproved streets in southern Daly City. When approved and started the job will require appriximately 150 men fourteen months to complete.

Two dilapidated buildings here have recently been condemned: 82 San Joaquin avenue and 456 Santa Barbara avenue. It is reported that the owner of 82 San Joaquin avenue plans to repair the building, but the one at 456 Santa Barbara avenue is to be destroyed.

All main highways leading to the New York World's Fair have been studded with markers. Of standard two-foot size and simple design, these consist of an orange Perisphere and Trylon with a blue border. Left and right turns are indicated by blue "L" or "R" in the middle of the Perisphere.

"Why man, we've bought this place and our income is no comfort to the tax collector. The neighbors too are 'just folks, living on a budget. An FHA-type loan will finance a delightful home for less than you're paying in rent. Better join us, Bill."

Typical Garden Village Home

Daly City now has more than a dozen sections of fine new homes. These houses are not only beautiful and durable but reasonably priced as well.

To the left is shown a typical Garden Village home. Garden Village is one of Daly City's most attractive new home sites.

Represent Colma Court At Convention

A. J. Bertini, A. J. Bianchini, and Eugene Graziani jr. represented Colma Court No. 83, Foresters of America, at a four-day convention of the California Grand Court held last week in San Francisco.

Adoption of a resolution rededicating the organization to American principles and election of officers were main orders of business at the convention.

Citing the "free enjoyment of liberty of thought, action, deed and conscience" guaranteed by the Constitution, the resolution proposed by Judge C. P. Rendon of Stockton, said in part:

"Today every American heart in silent prayer pleads the hope that war in the old world may be averted and that America shall not and must not be drawn into any unnecessary conflict to preserve our country. . . .

"The Foresters of America . . . proclaims against and denounces anew any and all organizations un-American in their objectives . . . and stands ready and willing if again called upon to rally around our country's flag and march on to victory."

George Collins Succumbs To Illness

George Collins, Shakespeare street, died yesterday (Monday), following a long illness. An employee of the San Francisco water department, Collins was a member of the Fraternal Order of Eagles, Golden Gate Aerie No. 61, and of the "Holy Name Society" of Our Lady of Perpetual Help church.

He is survived by his widow, Brigit Collins, and three children, Joseph and Johanna Collins and Mary J. Dunne. Funeral services will be conducted from the Duggan mortuary establishment.

Mayor P. G. Selmi Opens Local Office

Mayor Paul G. Selmi opened real estate and insurance offices last week at 39 Wellington avenue, next door to the city hall. He is handling local real estate, rentals, and insurance.

Mayor Selmi passed the California Real Estate commission examinations May 9 and was licensed May 15. His wide background of experience in local affairs especially prepares him to undertake this new enterprise.

Mrs. Rickmann Attends Session

Mrs. Frances Rickmann, San Diego avenue, attended the fifty-fourth session of the Grand Circle, Ancient Order of Foresters, held May 15 to 18 in Native Sons hall, San Francisco. Mrs. Rickmann was the delegate from Vista Grande Circle, Daly City.

A banquet for the delegates was given Wednesday evening at the Western Women's Club in San Francisco. Thursday the delegates were invited guests at the Golden Gate International Exposition.

Other members from Vista Grande Circle who attended were Mrs. Anna Posant, Mrs. Marie Hering and her daughter, Miss Marie Hering.

Finland's exhibit at the New York World's Fair has been named "A Symphony in Wood," depicting the "Land of Forests." The keynote is a suspended wall of three overlapping, wavy, curtains of wood, suggesting the flaming Aurora Borealis.

It's Never Smart To Be Inconsiderate

The 1939 bride may be ever so sophisticated, but if she's really smart, she'll be considerate, says Virginia Courtenay in her new Brides' Book.

It is being inconsiderate when a bride lets friends find out belatedly, second-hand, about something they should have had prompt and official information about.

Whether the wedding is large or small, Miss Courtenay suggests Art Point Marriage Announcements; the 1939 models are shown in the new portfolio at this office.

Prospective brides are invited to drop in and accept a gift copy of Miss Courtenay's Brides' Book.

☆ Virginia Courtenay writes interestingly in her new 1939 Brides' Book with much first-hand information for the young lady who said "Yes"...and is soon to add "I do."

☆ She tells about marriage forms and social customs... which are not generally known and whose non-observance may prove embarrassing.

They'll Skate Their Way Into Your Heart

Joan Crawford as 'Cinderella' in Gay Mother Goose Ballet of "Ice Follies"

There is such a thing as the Land of Mother Goose. It was especially created for "The Ice Follies of 1939," starring Joan Crawford with James Stewart, Lew Ayres and Lewis Stone, playing at the Daly City theatre for an engagement of three days, beginning Thursday, May 25.

Not even Grimm in his wildest flight of imagination could have conceived the picture. Erected on a floor of solid ice, one hundred and forty by eighty feet in size, stood a house of sugar cookies and gingerbread with peppermint sticks serving as pillars. Strange, puffy bushes surrounded the building and giant trees with silver trunks and foliage that looked like green silk balloons towered eighty feet overhead.

There was a burst of music. From behind the foliage glided Little Red Riding Hood in a costume of flaming satin and carrying a gold basket to her grandmother. Her image, as well as that of the entire set, was mirrored in the ice which had been sprayed with water. Red Riding Hood was portrayed by LaVerne Busher, champion skater, who gradually worked into a very modern version of the fairytale character by removing her famous hood and shaking her curly locks to a contagious rhumba rhythm.

Soon the ice was covered with all the nursery characters imaginable. There were the Three Fiddlers, the cow that jumped over the moon, the giant pie containing twenty-four blackbirds, fairy princes and princesses and their respective godmothers who twirled in grace and rhythm to the melodies of full orchestra.

There was a fanfare of trumpets and all action ceased. Into the scene glided Joan Crawford, the Cinderella of the spectacle, accompanied by Princes James Stewart and Lew Ayres. Nothing had been eliminated. There was a Grand March, the glass slipper, even the pumpkin coach.

The music slowly died away. The shimmering reflections in the ice faded. There was a whir-r-r of wings as a giant goose mounted by the blue clad figure of nursery days streaked away into the distance.

How a little Texas newsboy grows up to become an international hero overnight as a result of an almost impossible feat of daring, provides the basis of RKO Radio's "The Flying Irishman," companion feature on the new bill. The film introduces Douglas "Wrong Way" Corrigan.

In honor of his sixteenth birthday, Robert Byrne, Mission street, was given a surprise party at his home Monday evening by a group of relatives. He received many gifts on the occasion.

Mrs. Ida Levy, Vista Grande avenue, enjoyed a very happy Mother's Day. All her sons and daughters and grandchildren visited with her during the day.

Harrison, and Mrs. John Mossman. Unable to attend were Mrs. Aldyth Fox, Mrs. Jean O'Rourk and Mrs. J. R. Young.
